

BIOSPRAY®-10C MOBILE SURFACE SANITIZER AND DISINFECTANT SYSTEM

BioSpray®-10C and D2 Surface Cleaner - Portable System for Sanitation

The BioSpray-10C surface sanitation system from Goodway Technologies is a portable system for faster, safer and more efficient surface sanitation and disinfection. The cordless BioSpray system uses an advanced CO2 delivery technology and lab-calibrated spray gun to apply BIOSPRAY surface sanitizers with better coverage and less chemical usage than spray bottles and wipes.

FEATURES

- Quiet, non-electric, no power source required
- Highly calibrated delivery system for more effective coverage
- Wide wheel base for stability on rough surfaces
- Portable for easy transport and storage
- Lightweight spraying system for easy application

FOR APPLICATIONS IN:

- Restaurants
- Veterinary Clinics
- Office Buildings
- Nursing Homes
- Gymnasiums
- Classrooms
- Athletic facilities
- Rehabilitation Centers
- Manufacturing
- And more
